ClinicaLingua has a standardized process for recruiting and credentialing teams for additional languages as needed to support all client requests.

PART OF THE FAMILY

ClinicaLingua is proud to be a part of the Imperial Family of Companies—a clinical research support organization also comprising DAC Patient Recruitment Services and Imperial Graphics. Together, these three vertically integrated brands focus on patient recruitment, translation services and site material production and fulfillment. ClinicaLingua offers efficiencies and savings not found with other translation providers. Working in synergy with our sister companies, we provide start-to-finish clinical trial solutions with the power of three companies through the convenience of one contact and one contract.

ClinicaLingua is an ISO 9001:2008-certified translation services provider.
